SUMMARY

My objective is to find a long-term opportunity in the US that will enhance my professional toolkit. I want to contribute to my company's success by building great software solutions. After graduating in **December 2019**, I plan to go on OPT and will be looking for a wonderful company that is willing to sponsor me in the future.

EXPERIENCE

Since 2018

CALIFORNIA STATE UNIVERSITY, LONG BEACH
SOFTWARE ENGINEER - React, Angular, Node.js
- Migrated several university websites to Node.js and React/Angular
- Developed a website for a university center, created logos, brochures and the digital image of the center

2017 - 2018

ATOS, SOFIA
SOFTWARE ENGINEER - Angular, .NET, Node.js
- Excelled in frontend and backend development with Angular, Node.js and .NET
- Advanced in the use of MSSQL and MySQL
- Developed various products and solutions along with colleagues for big clients
- Strengthened technical toolkit with knowledge of web design patterns and algorithms and advanced in the area of software engineering

2016 - 2017

VMWARE, SOFIA
SOFTWARE DEVELOPER INTERN - Angular, Java
- Developed an internal company website, this includes both Frontend and Backend
- Helped 20+ colleagues by replacing an obsolete QA system with a lightweight web client, thus eliminating work-related stress and issues and improving their workflow quality

EDUCATION

2018 - 2019

CALIFORNIA STATE UNIVERSITY, LONG BEACH
